Southern States SYMPOSIUM & EXPO

presented by **FDLA**

JUNE 9 – 10, 2023

Signia by Hilton Orlando Bonnet Creek • Orlando, FL

The Southern States Symposium & Expo, presented by FDLA, is the largest dental laboratory industry meeting in the country run by a nonprofit association. Everything being offered at the Symposium will provide an exceptional educational experience.

“**Learn. Lead. Exceed. Elevate Your Excellence**” is the theme for the 2023 Southern States Symposium & Expo. This event will provide continuing education courses, an outstanding showcase of dental laboratory products and services, great networking opportunities with others in the industry and the opportunity to **Elevate Your Excellence!**

BRING YOUR CLIENT DENTISTS!

The Southern States Symposium & Expo courses are specifically designed for the entire dental team. These courses will help both the dentist and the dental technician work together on the latest trends and techniques.

Learn. Lead. Exceed.
ELEVATE
YOUR
EXCELLENCE

FRIDAY – JUNE 9

- 7:00 a.m. – 6:00 p.m.** Registration Desk Open
- 7:30 a.m. – 8:00 a.m.** Morning Beverage Break
- 8:00 a.m. – 8:30 a.m.** Welcome, Board Installation & President's Message
- 8:00 a.m. – 12:30 p.m.** **OPTIONAL HANDS-ON WORKSHOP**
The Use & Understanding of Different Ceramic Powders for Predictable & Natural Results
 Presented by: Chucuri Chemali, TPAD, DTG
Sponsored by: GC America Inc.
(Pre-registration & additional fees required – Capacity 15)
- 8:30 a.m. – 9:30 a.m.** **OPENING KEYNOTE ADDRESS**
The Future is Bright
 Presented by: Anton Woolf, CEO
 Argen Corporation
Sponsored by: Argen Corporation
- 9:30 a.m. – 9:45 a.m.** Mid-Morning Beverage Break
Sponsored by: Fricke International, Inc.
- 9:45 a.m. – 11:45 a.m.** **FRIDAY MORNING KEYNOTE**
IOS Technique for Full-Arch Implant Rehabilitation:
Connecting the Dots Between Clinician & Dental Technician
 Presented by: Panos Papaspyridakos, DDS, MS, PhD, Associate Professor - Tufts University School of Dental Medicine
Sponsored by: Straumann Group
- 11:45 a.m. – 12:15 p.m.** Awards Presentation & NADL / NBC / FDLT Updates
- 12:30 p.m. – 1:15 p.m.** FDLA Luncheon
Sponsored by: Argen Corporation
- 1:30 p.m. – 3:00 p.m.** **AFTERNOON INTERACTIVE PANEL PRESENTATION**
What Do You Do?
 Facilitated by:
 Chris Peterson, CDT
 Peterson Dental Laboratory, CDL, DAMAS
 Rick Sonntag, RDT
 4Points Dental Designs
 Alexander Wünsche, CDT, ZT
 Zahntechnik, Inc., CDL
Sponsored by: FDLA

- 1:30 p.m. – 5:00 p.m.** **OPTIONAL HANDS-ON WORKSHOP** *(continued)*
The Use & Understanding of Different Ceramic Powders for Predictable & Natural Results
 Presented by: Chucuri Chemali, TPAD, DTG
(Pre-registration & additional fees required.)
- 3:00 p.m. – 6:00 p.m.** Expo Hall Open
- 3:00 p.m. – 6:00 p.m.** Expo Hall Kickoff Reception
- 6:00 p.m.** Dinner On Your Own

SATURDAY – JUNE 10

- 7:00 a.m. – 3:30 p.m.** Registration Desk Open
- 7:30 a.m. – 8:00 a.m.** Morning Beverage Break
Sponsored by: Cardinal Rotary Instruments
- 8:00 a.m. – 9:30 a.m.** **A COURSES**
- 8:00 a.m. – 11:00 a.m.** **OPTIONAL HANDS-ON WORKSHOP**
White & Pink Esthetics of the Full Arch All on X Restoration with Anaxgum Composite Magic
 Presented by: Marina Caponigro, MDT, EFDA, BA
Sponsored by: anax USA
(Pre-registration & additional fees required – Capacity 15)
- 9:30 a.m. – 10:30 a.m.** Expo Hall Break / Mid-Morning Beverage Break in Expo Hall
Sponsored by: Peterson Dental Laboratory, CDL, DAMAS
- 9:30 a.m. – 3:00 p.m.** Expo Hall Open
- 10:30 a.m. – 11:30 a.m.** **B COURSES**
- 11:30 a.m. – 1:00 p.m.** Expo Hall Break / Lunch in Expo Hall
- 1:00 p.m. – 2:00 p.m.** **C COURSES**

Opening Keynote Address

The Future is Bright

Presented by: Anton Woolf, CEO – Argen Corporation

CDT/RG: 1 Hour of Professional Development Credit • State of Florida: 1 Hour of General Credit

In his keynote, Anton Woolf, CEO of Argen, will share Argen's 5-year vision "Thrive in Five." Attendees will get an inside look at how Argen is planning for a bright future through continuous improvement in every area across the organization. Woolf will also share examples of how everyone can nurture culture, use technology and build partnerships to thrive in the future.

Woolf joined Argen in 2000 as an International Sales Executive, focusing on European Operations. He then transferred to the corporate office, where he assumed the role of Vice President, focusing on business development and acquisitions. He was promoted to CEO in January 2008.

As CEO, Woolf has strengthened Argen's core business, while diversifying and expanding into new significant strategic businesses. His vision, regarding the rapid changes in digital

dentistry, has led him to build Argen's world class digital outsourcing center to support and partner with dental laboratories nationwide. Woolf has also increased Argen's international footprint; expanding and developing Argen's subsidiaries in Germany, England, Canada and China. He holds a Bachelor of Arts in Economics from the University of Michigan and currently serves on the Cal-Lab Board of Directors.

Friday Morning Keynote

IOS Technique for Full-Arch Implant Rehabilitation: Connecting the Dots Between Clinician & Dental Technician

Presented by: Panos Papaspyridakos, DDS, MS, PhD

Associate Professor – Tufts University – School of Dental Medicine

CDT/RG: 2 Hours of Scientific Credit • State of Florida: 2 Hours of General Credit

The applications of digital technology in Implant Dentistry include imaging, digital planning, template-guided implant placement, digital impressions with intraoral scanners and CAD/CAM prostheses. Digital planning software for treatment planning, digital impressions with intraoral scanners (IOS) and CAD/CAM production with 3-D printers and milling units are currently integrated together enhancing treatment workflow. Additionally, the communication between restorative clinician and lab technician is enhanced and can be carried out in real time via computers in the digital world. This presentation will address the current scientific status and the clinical protocols for complete digital workflow using IOS in full-arch fixed implant rehabilitation.

At the conclusion of this keynote, attendees should be able to:

1. Describe the various applications of digital technology in full-arch fixed implant rehabilitation
2. Discuss the scientific evidence for the applications of digital technology in full-arch fixed implant rehabilitation
3. Illustrate step-by-step clinical protocols for the complete digital workflow using IOS from diagnostic phase to final rehabilitation

Dr. Papaspyridakos serves as an Associate Professor of Postgraduate Prosthodontics at Tufts University School of Dental Medicine and as adjunct Associate Professor of Prosthodontics at the University of Rochester Eastman Institute for Oral Health. He maintains a private practice limited to Prosthodontics and Implant Dentistry in Boston, Massachusetts. Dr. Papaspyridakos has published more than 100 articles and abstracts in international peer-reviewed journals and has authored book chapters in 10 Implant Dentistry textbooks, while he serves as reviewer for several dental journals. His clinical research is widely cited and has received international acclaim with educational awards. Dr. Papaspyridakos is a fellow of the International Team of Implantology (ITI) and the Greater New York Academy of Prosthodontics (GNYAP) and he lectures extensively on dental implants and esthetics in national and international dental meetings.

HANDS-ON TABLE CLINICS IN EXPO HALL

FDLA provides the opportunity to earn CE credits during the Expo Hall hours. Table clinics will take place in the sponsored island booths on both Friday, June 9 and Saturday, June 10 during Expo Hall hours. The following sponsor will be presenting table clinics:

(Each participant will earn CDT/RG and State of Florida credits per course. Topics, speakers and schedules for each table clinic will be listed in the Symposium onsite program and onsite signage.)

FDLA is a State of Florida Approved CE Provider

CDT/RG Credits

All Southern States Symposium & Expo courses have been approved by the National Board for Certification for CDT/RG Credits.

AGD Credits

Approved PACE Program Provider FAGD/MAGD Credit Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement.

8:00 A.M. – 9:30 A.M. COURSES

COURSE A1 – REMOVABLES

CDT/RG: 1.5 Hours of Scientific Credit

State of Florida: 1.5 Hours of General Credit

Navigating Digital & Traditional Denture Workflows

by Urban Christen, DD, RCS Dipl. Denturist

Many technicians and laboratories are hesitant to embrace digital denture workflows due to cost and most importantly, the unknown. Maybe the answer is not a production shift, but laboratory adoption of both digital and traditional processes. Urban will discuss how he has managed working traditional denture fabrication as he adapts to the digital denture reality. Be ready to provide removable digital services and move forward. Don't let the market advance beyond your grasp. Learn how traditional and digital denture fabrication can work together in making you a more valuable removable technician and provide cutting edge laboratory services.

Learning Objectives:

- Digital denture transformation into a laboratory environment
- Incorporating removable experience and knowledge into a digital based workflow
- Positioning denture teeth into a natural "state" of anatomical space; traditional and digitally
- Understanding the relationship of anterior placement and angulation for desired patient outcome

COURSE A2 – BUSINESS MANAGEMENT

CDT/RG: 1.5 Hours of Professional Development Credit

State of Florida: 1.5 Hours of General Credit

Financial & Risk Management in the Digital Age

by Travis Zick

In this course, Zick will review the income statement of the contemporary dental laboratory, identify Key Performance Indicators (KPI's) within each section and discuss benchmarks for each. He will also discuss KPI's in other areas of the lab, including Sales & Marketing, Production and Cash Management. Finally, Zick will discuss some of the unique business risks faced by laboratories in today's environment and ways to mitigate those risks as much as possible.

COURSE A3 – IMPLANT HYBRID FABRICATION

CDT/RG: 1.5 Hours of Scientific Credit

State of Florida: 1.5 Hours of General Credit

Implant Hybrids: An Analogue Approach

by Thomas Zaleske, AS

Much is being said concerning digital fabrication of hybrid restorations. The fact is analogue construction still presents itself as a viable robust, esthetic and repairable option to construct these types of appliances. Regardless of fabrication mode, prosthetic volume, design parameters, overlay considerations and techniques remain constant. For 20 years, Zaleske has been offering these types of restorations with great success because of the protocols put in place to avoid the fabrication pitfalls many labs encounter due to short-cuts in design, techniques and materials.

Course will include, but not limited to:

- Setting, maintaining and repeating tooth positions during transfer
- Bar preparation in regard to, form, opacity, and the use of GC bonding and opaque products

- Processing techniques specific to pack pressing using GC Naturecyl SHI
- Processing techniques to maximize polymer properties
- Colorization techniques performed intrinsically, internally, and veneered in GC Gradia/GradiaPlus composite
- Finishing techniques of resin and composite
- Lustre Paint and Optiglaze application to enhance coloring

10:30 A.M. – 11:30 A.M. COURSES

COURSE B1 – REMOVABLES

CDT/RG: 1 Hour of Scientific Credit

State of Florida: 1 Hour of General Credit

Overdenture Attachments: 7 Guidelines for Making the Right Choice

by Gene Peterson, BS, CDT

This course focuses not only on a variety of overdenture attachment options, but also explores the key factors in deciding which attachment and/or implant attachment combination may be best for your treatment plan. Go in-depth into the seven guidelines for making the right decision and understanding overdenture attachments.

COURSE B2 – IMPLANTS

CDT/RG: 1 Hour of Scientific Credit

State of Florida: 1 Hour of General Credit

Complex – Decomplex, Implant Reconstructions Simplified

by Alexander Wünsche, CDT, ZT

Complex implant dentistry is a daily task in our industry. Many restorations are already complex by nature; certain materials and workflows are giving them an even more complex personality. It is important to take some of the complexity out of the clinical and technical side.

During this lecture, Wünsche will explain his way of tackling his daily tasks of large and small complex implant restorations. He will utilize workflows to make it easier for the clinician and technician to work together to achieve the highest standard of care for their patients together. Also, he will show the reason to use different materials in combination with his favorite tools and workflows to achieve his goals.

Learning Objectives:

- Understanding how to start a digital treatment plan
- Learn the crucial steps to a successful complex implant case
- Decision making in material choice
- Understanding the patients' landmarks
- Function vs. Aesthetic, how does it work together

COURSE B3 – MILLING

CDT/RG: 1 Hour of Professional Development Credit

State of Florida: 1 Hour of General Credit

Breaking Down the Importance of Quality Milling Tools in the Modern Digital Workflow

by Nick Alonge

During this course, Alonge will discuss the CAD-CAM workflow that drives success and how tooling affects lab production. He will also go into detail on the common milling issues and their causes.

(continued)

1:00 P.M. – 2:00 P.M. COURSES

COURSE C1 – IMPLANTS AND CAD/CAM

CDT/RG: 1 Hour of Scientific Credit

State of Florida: 1 Hour of General Credit

Digital Workflows for Implant Restorations

by Ruben Arebalo

From single tooth to full arch restorations, Preat's Choice Library is a toolkit to solve simple and difficult implant cases. This topic will discuss how to maneuver screw-retained and cement-retained cases and deliver results patients demand. Learn about all the implant components that can be used for various restorations in various digital workflows.

Learning Objectives:

- Review of intra-oral scanning and laboratory scanning
- Digital order form setup for cement-retained or screw-retained cases
- Use of Angled Access Channels to solve esthetically challenging cases
- Digital Implant Libraries. Limitations and Solutions
- Pitfalls and how to avoid them

COURSE C2 – REGULATORY STANDARDS / PREVENTION OF MEDICAL ERRORS

CDT/RG: 1 Hour of Regulatory Credit

State of Florida: 1 Hour of Prevention of Medical Errors Credit

Emergency Action Plans. An Overlooked Necessity

by Gary Morgan, CDT

In this course, attendees will gain knowledge on the OSHA requirements and recommendations for emergency planning and fire prevention.

Attendees will learn:

- Requirements for written procedures and planning
- Emergency assets, such as fire extinguishers, eyewash stations, first aid kits, etc.
- Inspection procedures and documentation of inspection of emergency assets
- Evacuation procedures and shelter in place procedures
- Medical emergency procedures including administering First Aid, CPR requirements and the use of defibrillators in the workplace
- Employee responsibilities during emergencies
- Fire prevention actions in the laboratory
- Emergency action training, when training is required

COURSE C3 – IMPLANTS / ALL ON X

CDT/RG: 1 Hour of Scientific Credit

State of Florida: 1 Hour of General Credit

A Comprehensive Guide to Fabricating All on X Cases

by Milos Markovic, CDT

Join Milos Markovic, CDT, owner of Markovic Dental Studio, for a deep dive into producing All-On-X case production with a focus on optimizing your workflow and streamlining processes. Participants will learn the best design options and manufacturing solutions in final prosthetics using integrated workflows in 3D printing and milling.

3:00 P.M. – 4:00 P.M. COURSES

COURSE D1 – FLORIDA LAWS & RULES / PROFESSIONAL DEVELOPMENT

CDT/RG: 1 Hour of Professional Development Credit

State of Florida: 1 Hour of Laws & Rules Credit

Florida Laws & Rules - Emerging Trends

by Gary Morgan, CDT

This course will provide information relative to Florida's laws and regulations regarding dental laboratories. This course will also provide an insight into recent developments related to chairside services and ongoing legislative and regulatory interactions.

COURSE D2 – BUSINESS MANAGEMENT

CDT/RG: 1 Hour of Professional Development

State of Florida: 1 Hour of General Credit

Analog to Digital & Back Again?

by David Avery, CDT, TE

This program is designed to explore the basic skill sets required for successfully navigating a career now and in the future in Dental Laboratory Technology.

- How do we navigate in the current laboratory space compared to 10 years ago?
- Are tactile skills still important and will they remain so?
- What new and different skills are important for success?
- How is compensation potential better or worse?
- Which digital technological approaches will remain viable?
- How do we bridge the transition to in-office adaptation of milling and printing technologies?

Join Avery as he explores these topics in an open forum discussion of what the future holds and how each of us might impact it.

COURSE D3 – CERAMICS

CDT/RG: 1 Hour of Scientific Credit

State of Florida: 1 Hour of General Credit

Tips & Tricks for Predictable & Natural Results

by Chucric Chemali, TPAD, DTG

Do you sometimes feel that you spend long hours layering and grinding the same restoration until you are fed up? Then you glaze it, ship it and hope for the best? Would it not be better to strategically apply the right powders in the right places, starting with "the end result in mind" and working to easily achieve a predictable and natural result? Join Chemali as he shares tips and tricks for better results.

The Use & Understanding of Different Ceramic Powders for Predictable & Natural Results

Presented by: Chucuri Chemali, TPAD, DTG

CDT/RC: 8 Hours of Scientific Credit

State of Florida: 8 Hours of General Credit

Sponsored by:

Hands-On Workshop Schedule:

8:00 a.m. – 12:30 p.m.	Hands-On Workshop
12:30 p.m. – 1:15 p.m.	Lunch (included in registration fee)
1:30 p.m. – 5:00 p.m.	Hands-On Workshop

In this workshop, participants will work on one anterior and one posterior restoration. The goal of this workshop is to help the participants learn new ways to adjust their personal strategies in their daily work, so that they can be more efficient. Thus, achieving predictable results, natural looking ceramic restorations and not jeopardizing their quality standards.

Course Level: Information shared throughout the day are for beginners and experienced dental ceramists.

Participants will need to bring ceramic layering and grinding tools as well as a handpiece and motor. Models and copings will be provided.

(Note: Pre-registration and additional fees required – Capacity 15. Participants must pre-register by 5/17/23.) Registration Includes: Friday Registration for Hands-On Workshop, Friday Lunch, admission to Expo on Friday and Saturday)

White & Pink Esthetics of the Full Arch All on X Restoration with Anaxgum Composite Magic

Presented by: Marina Caponigro, MDT, EFDA, BA

CDT/RG: 3 Hours of Scientific Credit

State of Florida: 3 Hours of General Credit

Sponsored by:

anax | USA

Lecture & Hands-On Workshop Schedule:

8:00 a.m. – 11:00 a.m. Lecture & Hands-On Workshop

This hands-on workshop will introduce the science and art of esthetic customization of the full arch implant supported prosthesis for dentists, dental assistants and dental technicians. Through lecture and hands-on experience, this workshop will provide a learning environment where logic and creativity come together.

Attendees will be exposed to the important basics of:

- Color theory, which enables dentists to be more effective in shade mapping and matching gingival and teeth segments of the full arch restorations, while finishing and finalizing restorations with anaxgum shades composite resin

- Tooth and gingival morphology required to achieve proper contour and anatomy of the milled restorations during hand milling of PMMA or printed resin appliance
- Surface texture and its importance in the natural appearance of the smile
- Macro/Micro aspects of contouring
- How to design and create natural-looking, personalized smiles for patients to their age, gender, temperament, etc.

Participants will need to bring their favorite composite instruments, brushes, handpieces and burs for pmma or resin printed appliances, as well as a composite palette or glass slab.

(Note: Pre-registration and additional fees required – Capacity 15. Participants must pre-register by 5/17/23.) Registration Includes: Saturday Registration for Lecture/Hands-On Workshop, choice of C & D courses, admission to Expo on Friday and Saturday and Saturday Expo Hall Lunch)

Innovations in Overdentures

Presented by: John Luangrath, MPA, CDT

CDT/RG: 3 Hours of Scientific Credit

State of Florida: 3 Hours of General Credit

Sponsored by:

straumanngroup

Lecture & Hands-On Workshop Schedule:

1:00 p.m. – 4:00 p.m. Lecture & Hands-On Workshop

With innovations in overdenture abutments, housings and liners emerging in the marketplace, learning an updated method of converting existing dentures into implant retained dentures, as well as lab processed dentures, is important. Now is a great time to offer this affordable solution to your patients and clients.

During this lecture and hands-on workshop, Luangrath will cover topics such as choosing the right abutments, the right housing system, choosing the right “pick-up” material, creating the best “pick-up” sites in an existing denture, using all the accessories of the housing system, troubleshooting issues, and some tips and tricks for doing chairside pick-ups for traditional attachments as well as mini implants. Attendees who participate in this workshop will take away the overdenture model they create.

Objectives:

1. Learn how to choose the right abutment and housing system for overdentures
2. Become familiar with the different kinds of “pick up” materials
3. Explore the tools and accessories available for doing overdentures
4. Learn how to trouble shoot common problems
5. Using overdentures to grow your practice

Attendees will learn:

1. Pick up material characteristics
2. Housing and liner systems
3. Denture design tips
4. Accessories and tools for doing denture conversions
5. Techniques and considerations for picking up dentures

Participants do not need to bring any materials to this lecture/hands-on workshop.

(Note: Pre-registration and additional fees required – Capacity 15. Participants must pre-register by 5/17/23.) Registration Includes: Saturday Registration for Lecture/Hands-On Workshop, choice of A & B courses, admission to Expo on Friday and Saturday and Saturday Expo Hall Lunch)

HOTEL INFORMATION

Signia by Hilton Orlando Bonnet Creek

14100 Bonnet Creek Resort Lane
Orlando, FL 32821
407.597.3600

Signia by Hilton is a new hotel brand offering a premium experience like no other in iconic cities and sought-after resort destinations across the globe. The Signia Orlando Bonnet Creek is surrounded by Walt Disney World® Resort and adjacent to the Waldorf Astoria Orlando. With 12 restaurants and lounges on property, from casual bites to fine signature dining, enjoy some authentic flavors of Florida! World-class shopping, arts and entertainment venues, and the best of Orlando's exhilarating attractions are all within a short drive of the hotel.

Make your hotel reservations directly with the Signia Bonnet Creek by calling **407.597.3600**. The FDLA has secured a special reduced rate of \$164 plus an optional \$45 discounted resort fee. Included in the FDLA rate is reduced self-parking. Be sure to mention you are with

FDLA and make your reservations by **Wednesday, May 17, 2023** to receive this special reduced rate. The association can only reserve a certain number of rooms at the discounted rate. Once the room block is sold out, even if that day is prior to the cutoff date, a higher prevailing room rate will apply. Make your reservations today!

Great Benefits of Staying at the FDLA Host Hotel:

- Special reduced rate of \$164 for FDLA!
- The expo hall is minutes away from your hotel room.
- Increased networking time with attendees in the hotel's restaurants and lounge areas!
- Endless dining options, lazy river, spa, fitness center, golf and activities all at the resort.

Please continue your support of the FDLA Southern States Symposium & Expo by staying at the Signia by Hilton Orlando Bonnet Creek, the appointed FDLA host hotel.

OPTIONS TO REGISTER:

1. ONLINE: Go to **www.fdma.net**, click on the Symposium tab, then Register Online. Master Card, Visa or AMEX payment will be required.

3. FAX: Completed registration form with credit card information to: **850.222.3019**

2. EMAIL: Completed registration form with credit card information to: **meetings@fdma.net**

4. MAIL: Registration Form, **Postmarked by May 17, 2023** to:
2023 Southern States Symposium & Expo (FDMA)
325 John Knox Rd, Ste L103
Tallahassee, Florida 32303

ADA / DIETARY RESTRICTIONS:

If you have special needs that require accommodations, please notify FDMA in writing **no later than May 17, 2023**. If you have special dietary restrictions, please notify FDMA **no later than May 17, 2023**.

AGE RESTRICTIONS & STROLLER POLICY:

No children in strollers or children under the age of 15 will be allowed access into the exhibit hall during booth setup, show hours or during booth dismantling.

HEALTH & SAFETY REQUIREMENTS:

For the health and safety of all FDMA Symposium & Expo attendees, FDMA is complying with applicable health and safety requirements and CDC recommendations to hold the in-person event. We will need the assistance of all attendees to accomplish this as effectively as possible. By registering for the FDMA Symposium & Expo, you agree for your safety and the safety of all attendees, you will not attend the Symposium if you have any symptoms of any illness or have had recent exposure to COVID-19. You will agree to engage in responsible health and safety conduct consistent with CDC recommendations both prior to and while attending the FDMA Symposium & Expo. You will also agree to comply with all COVID-related procedures implemented by FDMA and the Signia Hilton Orlando Bonnet Creek including procedures related to mask-wearing and social distancing, refraining from activities that carry higher COVID-related risk, or otherwise.

WHAT IS SUIT CASING? / FDMA'S SUIT CASING POLICY

Suit casing is the act of soliciting business by non-exhibiting companies in the aisles during the exhibition, including another company's booth or in other hotel public spaces.

Please note that while all meeting attendees are invited to the exhibit floor, any non-exhibiting company attending the Expo who has not secured an exhibit booth and is observed to be soliciting business in the aisles, in another company's booth or other hotel public spaces will be requested to leave the Expo immediately.

SOUTHERN STATES SYMPOSIUM & EXPO DRESS CODE:

The dress code for the 2023 Southern States Symposium & Expo daytime workshops and courses is business casual (no t-shirts, tank tops or flip flops please).

REFUND POLICY:

Written notification is required for all refunds. Refund requests received by **May 17, 2023** will receive a refund less a \$25 administrative fee. **No refunds will be paid after May 17, 2023.**

For additional information, please contact FDMA:
850.224.0711 or meetings@fdma.net

Florida Dental Laboratory Association Membership Application

Any commercial dental laboratory registered by the State of Florida Department of Health is eligible. Membership shall be in the name of the laboratory as registered by the State of Florida. The owner, partner or designated representative shall represent the laboratory in meetings and is eligible for elective office and voting privileges. Dental laboratories located outside of the state of Florida may join as an Affiliate member using this form.
