Southern States SYMPOSIUM & EXPO

presented by **FDIA**

Celebrating
60 Years of
FDIA

JUNE 7 – 8, 2024

Signia by Hilton Orlando Bonnet Creek • Orlando, FL

Southern States SYMPOSIUM & EXPO

presented by **FDLA**

JUNE 7 – 8, 2024

Signia by Hilton Orlando Bonnet Creek • Orlando, FL

The Southern States Symposium & Expo, presented by FDLA, is the largest dental laboratory industry meeting in the country run by a nonprofit association. Everything being offered at the Symposium will provide an exceptional educational experience.

“Celebrating 60 Years of FDLA” is the theme for the 2024 Southern States Symposium & Expo. We hope you will join us in celebrating our anniversary with continuing education, an excellent showcase of dental laboratory products and services, and great networking opportunities with others in the industry!

BRING YOUR CLIENT DENTISTS!

The Southern States Symposium & Expo courses are specifically designed for the entire dental team. These courses will help both the dentist and the dental technician work together on the latest trends and techniques.

FRIDAY – JUNE 7

- 7:00 a.m. – 6:00 p.m. **Registration Desk Open**
Sponsored by: Alien Milling
- 7:30 a.m. – 8:00 a.m. **Morning Beverage Break**
Sponsored by: XTCERA
- 8:00 a.m. – 8:30 a.m. **Welcome, Board Installation & President’s Message**
- 8:00 a.m. – 12:15 p.m. **OPTIONAL LECTURE/ DEMONSTRATION**
Artistry is Still in Our Future
Presented by: Peter Pizzi, CDT, MDT, F.N.G.S
Sponsored by: Vita North America
(Pre-registration & additional fees required – Capacity 25)
- 8:30 a.m. – 9:30 a.m. **OPENING KEYNOTE ADDRESS**
Change Your Life by Creating the Brand You Were Born to Build
Presented by: Tay Harvey, Co-Founder and CEO, Anax USA
Sponsored by: Anax USA
- 9:30 a.m. – 9:45 a.m. **Mid-Morning Beverage Break**
Sponsored by: Vulcan Custom Dental
- 9:45 a.m. – 11:45 a.m. **FRIDAY MORNING KEYNOTE**
The Team Perspective: Digital Workflows from Data Capture to Definitive Prosthesis
Collaboration = Predictability
Presented by: Lawrence E. Brecht, DDS and Marisa Notturmo
Sponsored by: Straumann
- 11:45 a.m. – 12:15 p.m. **Awards Presentation & NADL / NBC / FDLT Updates**
- 12:30 p.m. – 1:15 p.m. **FDLA Luncheon**
Sponsored by: Argen Corporation
- 1:30 p.m. – 3:00 p.m. **AFTERNOON INTERACTIVE PANEL PRESENTATION**
Through Collaboration, We are Better Together!
Facilitated by:
Rick Sonntag, RDT – 4Points Dental Designs
Barbara Warner, CDT, AAACD – Knight Dental Group | Leixir Dental, CDL
Alexander Wünsche, CDT – Zahntechnik, Inc., CDL
Sponsored by: FDLA

- 3:00 p.m. – 6:00 p.m. **Expo Hall Open**
- 3:00 p.m. – 6:00 p.m. **Expo Hall Kickoff Reception**
Sponsored by: Benco Dental and IPD USA Corp.

- 6:00 p.m. **Dinner On Your Own**

SATURDAY – JUNE 8

- 7:00 a.m. – 3:30 p.m. **Registration Desk Open**
Sponsored by: Alien Milling
- 7:30 a.m. – 8:00 a.m. **Morning Beverage Break**
Sponsored by: Cardinal Rotary Instruments
- 8:00 a.m. – 9:30 a.m. **A COURSES**
- 8:00 a.m. – 11:00 a.m. **OPTIONAL HANDS-ON WORKSHOP**
Take Your Monolithic to the Next Level with MiYo
Presented by: Bart Cothran, CDT & Kevin Krumm, CDT, TE
Sponsored by: Jensen Dental
(Pre-registration & additional fees required – Capacity 15)
- 9:30 a.m. – 10:30 a.m. **Expo Hall Break / Mid-Morning Beverage Break in Expo Hall**
Sponsored by: Affordable Dentures Dental Laboratories, Inc.
- 9:30 a.m. – 3:00 p.m. **Expo Hall Open**
- 10:30 a.m. – 11:30 a.m. **B COURSES**
- 11:30 a.m. – 1:00 p.m. **Expo Hall Break / Lunch in Expo Hall**
- 1:00 p.m. – 2:00 p.m. **C COURSES**
- 1:00 p.m. – 4:00 p.m. **OPTIONAL HANDS-ON WORKSHOP**
Surgical Planning – The Key to Restorative Success
Presented by: Lawrence E. Brecht, DDS and Marisa Notturmo
Sponsored by: Straumann
(Pre-registration & additional fees required – Capacity 15)
- 2:00 p.m. – 3:00 p.m. **Expo Hall Open / Afternoon Beverage Break in Expo Hall**
Sponsored by: GPS Dental Lab, Inc.
- 3:00 p.m. – 4:00 p.m. **D COURSES**

OPENING KEYNOTE ADDRESS

Change Your Life by Creating the Brand You Were Born to Build

Presented by: *Tay Harvey, Co-Founder and CEO, Anax USA*

CDT/RG: 1 Hour of Professional Development Credit • State of Florida: 1 Hour of General Credit

A brand is so much more than a name or a logo. It's the way interacting with you and your business makes your client or customer FEEL. It has the power to make or break your business, and if you do it right, it will change your life.

There are endless articles, books and experts you can study to learn how to "brand" your business, but what if each of us already HAS the information we need?

We do. It's called intuition, and it's the most valuable resource almost nobody is tapping into.

Leveraging and trusting your intuition empowers you to create a brand that will change your life, the lives of your team members, and even the lives of your clients. It takes self-awareness, guts, faith, and time: but if you do it right, it takes far less effort than you probably think.

In this session, Tay will share an honest account of the bumpy road from starting her first company and thinking she had it all figured out, then realizing she was doing it all wrong. She will share the process she used to tap into her own intuition, recalibrate her approach, turn her company around, and successfully build a beloved brand impossible for competitors to duplicate, and she'll challenge you to do the same.

Tay will also share her approach to building a team that can take your vision to the next level and how to hold on to the magic as you grow.

FRIDAY MORNING KEYNOTE

The Team Perspective: Digital Workflows from Data Capture to Definitive Prosthesis. Collaboration = Predictability

Presented by: *Lawrence E. Brecht, DDS and Marisa Notturmo*

**CDT/RG: 2 Hours of Scientific Credit
State of Florida: 2 Hours of General Credit**

The Age of Digital Dentistry is essentially the totality of restorative dentistry in the 21st century. Our reliance on the wide variety of digital technologies available to us can often make things more complicated than streamlined. As a result, the development of predictable and reliable workflows between the clinician and the technician are crucial. This refinement of the "best practices" approach to digital workflow development therefore is dependent upon clear and concise collaboration between the two team members. Together, they must figure out as one entity what "works" and what "doesn't work" for their particular partnership and work style.

In this presentation by a technician – clinician team that have worked together for 20 years (with over 15 years of digital experience), we will discuss how to develop productive and predictable workflows.

Sponsored by:

straumann

Brecht

Notturmo

LEARNING OBJECTIVES

1. Understand the complete digital workflow from data capture to final prosthesis from both the clinical and laboratory aspects.
2. Understand the importance of the Clinical/Laboratory Team to have a successful outcome for any CAD/CAM procedure from surgical planning to final prosthesis.
3. Understand ways to optimize utilization of your digital equipment.
4. Comprehensive digital workflow for manufacturing your final prosthesis utilizing Straumann's RevEx® scan bodies.
5. Understand the importance of collaborative surgical implant planning and how it corresponds to restorative success.

KEYNOTE SESSIONS – FRIDAY, JUNE 7

AFTERNOON INTERACTIVE PANEL PRESENTATION

Through Collaboration, We are Better Together!

Facilitated by:

Rick Sonntag, RDT – 4Points Dental Designs

Barbara Warner, CDT, AAACD – Knight Dental Group | Leixir Dental, CDL

Alexander Wünsche, CDT – Zahntechnik, Inc., CDL

CDT/RG: 1.5 Hours of Scientific Credit • State of Florida: 1.5 Hours of General Credit

Sponsored by:

Join Rick, Barbara and Alexander for an interactive discussion on a variety of topics affecting your laboratory and the dental industry as a whole. Learn ways to approach these issues and offer your own suggestions. Through collaboration, we are better together!

FDLA is a State of Florida Approved CE Provider

CDT/RG Credits

All Southern States Symposium & Expo courses have been approved by the National Board for Certification for CDT/RG Credits.

AGD Credits

Approved PACE Program Provider FAGD/MAGD Credit: Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement.

COURSE DESCRIPTIONS – SATURDAY, JUNE 8

8:00 A.M. – 9:30 A.M. COURSES

COURSE A1 – IMPLANTS

CDT/RG: 1.5 Hours of Scientific Credit

State of Florida: 1.5 Hours of General Credit

Face, White and Pink: Simplify Complex Restorative Cases

Presented by: Peter Pizzi, CDT, MDT, F.N.G.S

While our industrial marketing machine seems to focus on single molar dentistry, laboratories and clinicians need to understand their ability to communicate with clinical partners on a variety of topics to help separate them from the pack. Complex cases are more present today than ever before. Clinical teams with the knowledge of restoring these cases are in a strong position to secure their future success. Understanding restorative options is a key factor in creating a blueprint for successful case communication. Restorative material choices and the use of implants, which is the largest growth product in the dental market, have influenced our options. Today's dental teams need a solid foundation of knowledge to control case outcome and esthetic success.

- Patient guided communication tools
- Replacement, Reposition or restoring options
- The use of pink ceramics
- Implant options to simplify complex case design
- Restorative options for implant involved cases

COURSE A2 – 3D PRINTING

CDT/RG: 1.5 Hours of Scientific Credit

State of Florida: 1.5 Hours of General Credit

3D Printing – Increasing Profitability and Productivity

Presented by: Mark Chan

Sponsored by: Asiga

This session will go over applications for additive manufacturing in the dental lab:

- Splints/Nightguards
- Implant Guides
- Digital Dentures
- All on X Prototypes
- Crown and bridge

By the end of this presentation, attendees will be able to:

- Understand the fundamentals and best practices of 3D printing technology and its applications in the dental laboratory
- Identify specific areas within their production process where 3D printing can enhance efficiency and productivity
- Learn about post-processing techniques (washing and curing)
- Gain insights into best practice in additive manufacturing
- Familiarize themselves with techniques for characterizing implant prototypes

COURSE A3 – REMOVABLES

CDT/RG: 1.5 Hours of Scientific Credit

State of Florida: 1.5 Hours of General Credit

Removable Prosthetics: 3 Decades of Techniques

Presented by: Thomas Zaleske, AS

Sponsored by: FDLA

A presentation constructed from over 30 years at the bench, attracting and working with fee for service clients, Mr. Zaleske will illustrate and explain what has allowed his lab to attract and maintain accounts. With modality of fabrication aside, a sound understanding of communication, design, finishing, and servicing of removable prosthetics are still required to maintain a consistent product and, in many cases, elevate prosthetic delivery.

Topics include but not limited to:

- Finishing products and techniques used in the fabrication of partial and full dentures
- Relines with and without repair
- Tooth arrangement tips
- Base colorization both internally and externally
- Acrylic processing selection and techniques
- Morphologic considerations in base design

10:30 A.M. – 11:30 A.M. COURSES

COURSE B1 – DIGITAL WORKFLOW

CDT/RG: 1 Hour of Scientific Credit

State of Florida: 1 Hour of General Credit

Digital Workflow for Full Arch, Single Unit Zirconia

Presented by: Juan Escobar, CDT, AAACD

Sponsored by: Zubler USA

This presentation highlights the efficiency, customization, and aesthetic benefits, illustrating how this digital approach transforms the production of single-unit crowns and full arch in modern dentistry.

COURSE B2 – BUSINESS MANAGEMENT

CDT/RG: 1 Hour of Professional Development Credit

State of Florida: 1 Hour of General Credit

Balancing Your Life and Work: Skills for Avoiding Burnout and Living Your Best Life

Presented by: Ira Rosenau

Sponsored by: LuxCreo

The universal problem of "work-life" balance is one we all have to address. After 20 years as a litigation attorney and 8 years as a dental executive, Ira Rosenau has faced many challenges that come with stressful and intense jobs. After having survived cardiac arrest and 25 minutes of clinical death in March 2022, Ira has learned and come to embrace a series of techniques that have brought his entire world into better balance after decades of intense focus on professional success. In this lecture, Ira will share with you some of the easy ways to start to incorporate better balance into your existence.

COURSE DESCRIPTIONS – SATURDAY, JUNE 8

COURSE B3 – DIGITAL WORKFLOW

CDT/RG: 1 Hour of Scientific Credit

State of Florida: 1 Hour of General Credit

The Modern Digital Denture: Find the Best Workflow and Benefits for Your Dental Laboratory Success

Presented by: Daniel Alter, MDT, MSc, CDT

Sponsored by: Zahn Dental

Digital dentures have truly evolved over the past few years and have become a highly desirable removable prosthesis for dentists and their patients. The removable prosthetic solution offers truly remarkable benefits for dental laboratories with enhanced and elevated manufacturing, business practices and dental patients' standard of care. Join Daniel Alter, MSc, MDT, CDT as he discusses multiple approaches to digital dentures and how they can enhance your laboratory's removable prosthetic offerings as well as tap into the greatest potential opportunities, unrealized prior to digital denture technology.

Learning Objectives:

- Learn how the evolution of digital dentures can enhance a laboratory's workflow
- Learn how to elevate your digital denture workflow through additive manufacturing and increase the standard of care for patients
- Learn how to bring your lab to its greatest potential with digital technology in the digital denture workflow

1:00 P.M. – 2:00 P.M. COURSES

COURSE C1 – CERAMICS / CROWN AND BRIDGE

CDT/RG: 1 Hour of Scientific Credit

State of Florida: 1 Hour of General Credit

Maximizing Monolithic ZR Esthetics Through Proper Green State Finishing

Presented by: Kite Saito, CDT, MDC

Sponsored by: Jensen Dental

In this presentation, Kite Saito, CDT, MDC will review the role that green state finishing plays in the overall esthetic and functional success of monolithic zirconia restorations. Kite will walk his audience through a detailed, step by step process that can be easily integrated into a laboratory's workflow. An explanation of what tools were used and why will also be provided. Examples of properly finished zirconia frameworks as well as the esthetic outcomes that were achieved with MiYO® and MiYO® Pink liquid ceramic materials will be reviewed.

Learning Objectives:

- Understand why green state preparation is important
- Learn how to optimize milling machine strategies & nesting for the best outcome
- Identify the visual difference between how zirconia restorations look different before & after proper green state preparation
- Analyze why milling machines can NOT mill the embrasure(s) of bridges and how to overcome this issue

COURSE C2 – FLORIDA LAWS & RULES / PROFESSIONAL DEVELOPMENT

CDT/RG: 1 Hour of Professional Development Credit

State of Florida: 1 Hour of Laws & Rules Credit

Florida Laws & Rules - Emerging Trends

Presented by: Gary Morgan, CDT

Sponsored by: FDLA

This presentation will provide a review of the regulations governing the operation of dental laboratories in the state of Florida. Requirements for facility registration, continuing education, and inspection will be discussed, as well as required disclosure of materials and point of origin. Rules for chairside services will also be reviewed.

COURSE C3 – DIGITAL WORKFLOW / REMOVABLES

CDT/RG: 1 Hour of Scientific Credit

State of Florida: 1 Hour of General Credit

SLM Printing of Partial Frameworks

Presented by: Josh Williams

Sponsored by: GPS Digital RPD

In this course, attendees will gain knowledge on the process and understand the digital workflow from start to finish for SLM metal partial frameworks. Design, fabrication, and finishing of metal partial frameworks will be discussed.

3:00 P.M. – 4:00 P.M. COURSES

COURSE D1 – CERAMICS

CDT/RG: 1 Hour of Scientific Credit

State of Florida: 1 Hour of General Credit

Methods to Achieve a Superior Natural Look with Translucent Multi Layered Zirconia

Presented by: Sung Bin Im, MDC, CDT, BS

Sponsored by: Kuraray Noritake Dental

This lecture and hands-on demo will explain how to prepare and achieve natural-looking layered/monolithic KATANA zirconia crowns and create different surface effects on various post-operative treatments using CZR Porcelain Powder and FC Paste Stain. Attendees will learn to contour, stain, glaze, and polish based on attributes of target teeth.

COURSE D2 – REGULATORY STANDARDS / PREVENTION OF MEDICAL ERRORS

CDT/RG: 1 Hour of Regulatory Credit

State of Florida: 1 Hour of Prevention of Medical Errors Credit

Is FDA in Your Lab's Future?

Presented by: Gary Morgan, CDT

Sponsored by: Safelink Consulting

This course will look at how dental labs are fearlessly entering into activities that place them under FDA's regulatory authority. Safelink's consultant will explore future regulatory oversight including changes in FDA's Quality System regulations. The presenter will discuss how an eQMS improves collaboration, communication, and efficiency.

OPTIONAL HANDS-ON WORKSHOP – FRIDAY, JUNE 7

Artistry is Still in Our Future

Sponsored by:

VITA

Presented by: Peter Pizzi, CDT, MDT, F.N.G.S

CDT/RG: 4 Hours of Scientific Credit
State of Florida: 4 Hours of General Credit

Lecture/Demonstration Schedule:

8:00 a.m. – 12:15 p.m. Lecture and Demonstration
12:30 p.m. – 1:15 p.m. Lunch (included in registration fee)

Our goals for the future of the dental health profession are to provide esthetic, functional restorative options to support the needs of our patients. This lecture/demonstration will focus on how the Clinical / Technical role is much more demanding today and that we must have a clear understanding of each of the materials options and technologies that can help achieve successful results. Material options such as zirconia, lithium disilicate, metal ceramics, feldspathic and nano hybrids all need to be in our esthetic wheelhouse.

As the clinical and technical side of dentistry continues to evolve and our educated patients strive for the best, we too must develop an understanding of each materials' strengths and weaknesses and drive the restorative market as opposed to it being driven by our patients or our manufacturing partners.

Lecture topics to include:

- Material management and case selection
- Digital and manual material options.
- Ceramic layering concepts
- The importance of artistry in today's product selection

Participants will not need to bring any materials to the lecture/demonstration.

(Note: Pre-registration and additional fees required – Capacity 25. Participants must pre-register by 5/15/24.) Registration Includes: Friday Registration for Workshop, Friday Lunch, admission to Expo on Friday and Saturday)

Take Your Monolithic to the Next Level with MiYO

Sponsored by:

Cothran

Krumm

Presented by: Bart Cothran, CDT & Kevin Krumm, CDT, TE

CDT/RG: 3 Hours of Scientific Credit
State of Florida: 3 Hours of General Credit

Lecture & Hands-On Workshop Schedule:

8:00 a.m. – 11:00 a.m. Lecture & Hands-On Workshop

During this three-hour workshop, attendees will be introduced to MiYO® Liquid Ceramic system helps achieve highly esthetic results with monolithic zirconia and lithium disilicate materials. Attendees will have the opportunity to try MiYO firsthand by following along using a full contour zirconia single central.

Participants Should Bring: A small portable light and all the tools you prefer when staining and glazing, i.e. brushes, hemostats, glass slab, firing pegs, etc.

Course Objectives:

- Introduction to MiYO Liquid Ceramic System
- Role and Purpose of MiYO material components
- The things you need to know to be successful with MiYO:
 - o Mixing
 - o Applying MiYO Colors to mimic colors and effects found in natural teeth (hands on)
 - o How to apply MiYO Structure (Demonstration only)
 - o How to apply MiYO Pink Colors and Structure to replicate tissue on implant retained bridges (Discussion only)

(Note: Pre-registration and additional fees required – Capacity 15. Participants must pre-register by 5/15/24.) Registration Includes: Saturday Registration for Lecture/Hands-On Workshop, choice of C & D courses, admission to Expo on Friday and Saturday and Saturday Expo Hall Lunch)

Surgical Planning – The Key to Restorative Success

Sponsored by:

Brecht

Notturmo

Presented by: Lawrence E. Brecht, DDS and Marisa Notturmo

CDT/RG: 3 Hours of Scientific Credit
State of Florida: 3 Hours of General Credit

Lecture & Hands-On Workshop Schedule:

1:00 p.m. – 4:00 p.m. Lecture & Hands-On Workshop

Over the last 15 years, the advancements in digital technologies has enabled us to collaborate across all disciplines in the dental field. Surgical planning is the culmination of what digital technologies today can provide for our profession. Providing surgical implant planning as part of your digital workflow can be highly beneficial in the dental laboratory. It allows us as dental technicians to be a part of the clinical team and provide the essential input needed for the best possible restorative outcomes. By planning with the end in mind as our goal, we are able to minimize surgical “surprises” and optimize the final outcome. This presentation will provide an overview of protocols from beginner to advanced-level surgical planning utilizing Straumann’s CoDiagnostix® implant planning software.

This will be followed by a hands-on course, where all participants will be able to import digital data and plan a single unit implant on CoDiagnostix®.

Learning Objectives:

- Understanding of the importance of surgical implant planning and how it corresponds to restorative success.
- Overview of surgical planning workflows for single units - full arch cases.
- Highlight the importance of why the team perspective is important for the success of surgical planning procedures.
- Comprehensive workflow for manufacturing surgical guides in your laboratory.

Hands on Portion:

- An introduction to implant planning utilizing Straumann’s CoDiagnostix® planning software.
- Participants will learn how to import data, plan a single unit implant and create a surgical guide.

Participants will not need to bring any materials to this lecture/workshop.

(Note: Pre-registration and additional fees required – Capacity 15. Participants must pre-register by 5/15/24.) Registration Includes: Saturday Registration for Lecture/Hands-On Workshop, choice of A & B courses, admission to Expo on Friday and Saturday and Saturday Expo Hall Lunch)

HOTEL INFORMATION

Signia by Hilton Orlando Bonnet Creek

14100 Bonnet Creek Resort Lane, Orlando, FL 32821 | 407.597.3600

Signia by Hilton is a new hotel brand offering a premium experience like no other in iconic cities and sought-after resort destinations across the globe. The Signia Orlando Bonnet Creek is surrounded by Walt Disney World® Resort and adjacent to the Waldorf Astoria Orlando. With 12 restaurants and lounges on property, from casual bites to fine signature dining, enjoy some authentic flavors of Florida! World-class shopping, arts and entertainment venues, and the best of Orlando's exhilarating attractions are all within a short drive of the hotel.

Make your hotel reservations directly with the Signia by Hilton Orlando Bonnet Creek by calling **407.597.3600** or by reserving online here: <https://book.passkey.com/event/50757739/owner/1449346/home>. The FDLA has secured a special reduced rate of \$169 plus \$10 discounted resort fee. Be sure to mention you are with FDLA and make your reservations by **Friday, May 17, 2024**, to receive this special reduced rate. The association can only reserve a certain number of rooms at the discounted rate. Once the room block is sold out, even if that day is prior to the cutoff date, a higher prevailing room rate will apply. Make your reservations today!

Great Benefits of Staying at the FDLA Host Hotel:

- Special reduced rate of \$169 for FDLA!
- The expo hall is minutes away from your hotel room.
- Increased networking time with attendees in the hotel's restaurants and lounge areas!
- Endless dining options, lazy river, spa, fitness center, golf, and activities all at the resort.

Please continue your support of the FDLA Southern States Symposium & Expo by staying at the Signia by Hilton Orlando Bonnet Creek, the appointed FDLA host hotel.

Options to Register:

1. ONLINE: Go to www.fdma.net, click on the Symposium tab, then Register Online. Master Card, Visa, Discover, or AMEX payment will be required.

2. EMAIL: Completed registration form with credit card information to: meetings@fdma.net

3. FAX: Completed registration form with credit card information to: **850.222.3019**

4. MAIL: Registration Form, **Postmarked by May 15, 2024** to:
2023 Southern States Symposium & Expo (FDLA)
325 John Knox Rd, Ste L103
Tallahassee, Florida 32303

ADA / DIETARY RESTRICTIONS:

If you have special needs that require accommodations, please notify FDMA in writing no later than May 15, 2024. If you have special dietary restrictions, please notify FDMA no later than May 15, 2024. Dietary requests made after this date may not be guaranteed.

AGE RESTRICTIONS & STROLLER POLICY:

No children in strollers or children under the age of 15 will be allowed access into the Expo Hall during booth setup, show hours or during booth dismantling.

HEALTH & SAFETY REQUIREMENTS:

For the health and safety of all FDMA Symposium & Expo attendees, FDMA is complying with applicable health and safety requirements and CDC recommendations to hold the in-person event. We will need the assistance of all attendees to accomplish this as effectively as possible. By registering for the FDMA Symposium & Expo, you agree for your safety and the safety of all attendees, you will not attend the Symposium if you have any symptoms of any illness or have had recent exposure to COVID-19. You will agree to engage in responsible health and safety conduct consistent with CDC recommendations both prior to and while attending the FDMA Symposium & Expo. You will also agree to comply with all COVID-related procedures implemented by FDMA and the Signia Hilton Orlando Bonnet Creek including procedures related to mask-wearing and social distancing, refraining from activities that carry higher COVID-related risk, or otherwise.

WHAT IS SUIT CASING? / FDMA'S SUIT CASING POLICY:

Suit casing is the act of soliciting business by non-exhibiting companies in the aisles during the exhibition, including another company's booth or in other hotel public spaces.

Please note that while all meeting attendees are invited to the exhibit floor, any non-exhibiting company attending the Expo Hall who has not secured an exhibit booth and is observed to be soliciting business in the aisles, in another company's booth or other hotel public spaces will be requested to leave the Expo Hall immediately.

SOUTHERN STATES SYMPOSIUM & EXPO DRESS CODE:

The dress code for the 2024 Southern States Symposium & Expo daytime workshops and courses is business casual (no t-shirts, tank tops or flip flops please).

REFUND POLICY:

Written notification is required for all refunds. Refund requests received by **May 15, 2024** will receive a full refund less a \$25 administrative fee. No refunds will be paid after **May 15, 2024**.

For more information, contact FDMA's Southern States Symposium office by phone at 850.224.0711 or meetings@fdma.net.

Florida Dental Laboratory Association Membership Application

Any commercial dental laboratory registered by the State of Florida Department of Health is eligible. Membership shall be in the name of the laboratory as registered by the State of Florida. The owner, partner or designated representative shall represent the laboratory in meetings and is eligible for elective office and voting privileges. Dental laboratories located outside of the state of Florida may join as an Affiliate member using this form.
